

Who we are - The Association of New Jersey Recyclers - is a non-profit

(501c3), non-partisan organization, incorporated in 1984, whose network members represent individuals, both the public and private sector, government officials, the recycling industry, the business community and organizations.

Our mission- Support, promote and enhance source reduction, reuse practices, organics management and recycling activities in New Jersey.

ANJR firmly believes that New Jersey needs an integrated solid waste management plan, and will facilitate that plan with education and advocacy around the issues of:

- ⇒ **Recycling**
- ⇒ **Source Reduction**
- ⇒ **Household Hazardous Waste Management**
- ⇒ **Composting**
